Item 1: Training workshops: This was the last of three online training workshops. It took place on 14 December (for time and attendance, see above) and was Part 3 of a four week workshop, which has/will take place once a week for one-to-two hours per week (Part 1: 26/27 November; Part 2: 3/4 December; Part 3: 10/14 December; Part 4: 17/18 December).

As with the previous week, this workshop was chaired by Dr Alfonso and trained Myanmar university staff, supported by Myanmar students, to prepare online tutorials that will be part of the proposed MuEuCAP BioCEP curriculum (WP3 – Practical testing of the curriculum and WP4 – Realisation of the curriculum). This particular online tutorial relates to one course in the syllabus, namely:

- BioCEP-611 – Ecology, Biodiversity, and Conservation Biology.

The staff and students are drawn from Mandalay and Mawlamyine Universities. They were listed, together with their Topic titles in Appendix 1 of the Minutes of the 6th Meeting (26/27 November 2020).

Item 2: Outline of 5 presentations at the two workshops

As with the previous week, the objective of the workshops was to develop best practice in deciding the content and presentation of an online tutorial.

Item 3: Important Action points:

- Important materials for the upcoming presentations scheduled for 18 December 2020 were circulated in a series of emails from the Project Manager, Dr Paul.
